To Whom It May Concern,

I SAW A PORTION OF ONE
OF YOUR PROGRAMS ON RECYCLING
PLASTICS ON OCTOBER 22ND.

I DIDN'T GET TO SEE THE WHOLE
PROGRAM, SO I WOULD APPRECIATE
IT VERY MUCH IF YOU COULD
GIVE ME THE ADDRESS ON
WHERE TO GO.

I HAVE ENCLOSED A

Dear Ms. Robinson:

I've been watching CH. 46 daily and I think your programs are excellent, in the way they relate to the Community.

If it is possible, I would like to borrow a copy of your Video Tape about "Earthquake Preparedness" to share with our deaf students here at Abram Friedman Occupational Center. We have discussed plans for earthquake and passed out flyers, but I think your segment would make the message a lot clearer, because deaf people tend to be more visual.

A copy of your Air Time Schedule would be helpful for those who wish to watch the program at home with their families.

As we only have approximately one month before this semester ends, time is essential. Please let me hear from you as soon as possible.

Thank you.

Sincerely,

Helen V. Walker

Gentlemen,

After fruitlessly trying to obtain over the phone additional information on a spot your aired Wednesday evening, October 7, 1987 on an aluminum mini melter (recycling machine), I am submitting this written request in hopes that some cataloging system you have does document this item. I heard about it second-hand and therefore am not able to elaborate on exactly what it looked like or what time it aired. Should you have further questions however, please don't hesitate to call. Thank you for your efforts in this matter.

Sincerely,

Dear Mr. Pearce:

I want to commend KHSC TV and the staff of the station for its excellence in public affairs programming. KHSC TV is the only station I know that has made a genuine effort to bring news and commentary about the Inland Empire to the residents of the area. On election night and earlier on Mr. Kilmeade's show, you provided a level of understanding about national and state issues as they impact the Inland Empire that was genuinely informative and enlightening. Keep up the good work. Please add even more public affairs programming to what is an excellent start.

Dear Mr. Killmeade,

We are very grateful for the public information and service spots you did for our agency informing the public about the impact of alcoholism in our community. To date there have been 100 calls from the community seeking help and information. In addition many people have commented on the program and its effectiveness.

We think you helped a great deal in the continuous war against substance abuse.

Dear Ms. Rob:

I recently watched a CPR training program on your cable channel and I thought it was excellent. From a Fire Department perspective, the more citizens who know CPR, the easier our job is. If possible, we would like to get a copy of the program to broadcast on the Garden Grove government cable Channel 3. This channel is broadcast to Garden Grove residents only and we would probably run it on a fairly regular basis.

Thank you for your assistance. Please call me at (714) 741-5634 or Ellen Covey at (714) 741-5624, if you have any questions.

Dear KHSC,

My name is Quyen Nguyen, I'm a student of Cerro
Oilla Middle School. In my history class, my partner,
sweta Patel, and I have to do a team teaching. We
picked "Agent Orange" for our topic.

We were just hoping that you might have some
informations about Agent Orange. If you do, will you
please help us? We'll really appreciate it if you can
show them on your channel.

Also if you planning to show them on your channel,
please tell us the day and the time that it, Agent
Orange informations, will appear on TV so we can
tape it.

This team teaching has to be term in before May
30, 1988. So will you please try to organize them as
soon as you can.

Once again. thanks for your support

To Whom It may Concern:

One of my main concerns that does not receive much attention today deals with Satanism. I would like to hear the views of young adults, as well as the views of their parents dealing with this subject.

Along with the interview of the young adults and their parents, I would like to hear a minister speak on the subject. I have a minister in mind, that I've heard speak on the subject before, Reverend Raul Ries from Calvary Chapel of West Covina, 1432 Puente Ave., West Covina, CA 91790-1223, Phone (818) 814-2302.

I believe this subject of Satanism will be of interest to many people today. It's also a subject that is doing great harm to our children and is in the minds of many and they don't even realize it.

Sincerely,

Dear Mr. White,

I wanted to thank you for the wonderful experience my G.A.T.E. (Gifted and Talented Education) students received on February 16, 1988 when they toured your facilities.

Mr. Gary Johnson presented a very concise program to cover our unit of study-Communication. Along with showing them the satellite dishes, and explaining their purpose and operation, we saw the Master Control area and learned about a TCR's use in television & visited the stage where we were "preserved" on tape. Mr. Johnson then showed us the techniques used to enhance a tape in the edit suite. We concluded our visit in the Audio Booth learning about the background and uses of sound in television such as "sweetening".

My students and I gained a greater understand of the media, and a better appreciation for those who work in the field.

Again, our thanks...

Sincerely,

Mrs. Deborah Johnson

Dear Ms. Higgins,

This is to thank you for the vital information you presented in channel 46's "In Your Interest" series on earthquake preparedness. Having said that, I must say I was disappointed to hear you say, 'Disaster centers will be manned by the Red Cross' (paraphrased, emphasis mine). I know in the presence of being on TV and all, it sometimes happens that such sexist language sometimes slips out. It becomes vital for public spokespersons to be aware of their own language! I'm sure you know the term of choice is now "staffed". I hope this letter has helped to raise your consciousness.

Dear Friends:

I just caught the last few seconds of your commentary tonight about trucks that carry gravel and other building materials without covering the tops of the trucks. I have several nicks in my windshield and it really makes me mad when I see the rocks flying towards me when I know that there's nothing I can do to prevent it. I think something should be done about this. If you need some support on this issue, please do not hesitate to contact me at the address above. Thank you for taking the time to read this short note and good luck with the effort against these negligent truckers.

Sincerely,

Christina M. Legg
